Pre Infos:

This tutorial is about “Dropping Save”. If you want to order something “Special” and you do not want to get caught it makes sense to get an “Drop”. If you dont know how to find the right House to Drop or you are completely new in this section, you are on the right way with this tutorial. I will teach you how to find the right house and the right spot. I will explain some good tips for dropping.

All about the house:

Drive/Walk through your City/Village and search for empty flats or houses. If you find a house, notice this and go on. If you still have found another one, you have to take a closer look to some things:

- Position
- Mailbox
- Neighborhood

Position:

The house has to be on an big street or a street with many traffic (Cars/People). On an big city maybe the Postman can recognize you (Smaller City´s or Villages)

Mailbox:

Sometimes the old housowner installed a Mailbox and uses them. If there is no Mailbox its a first sign for an great place.

Neighborhood:

If you are living in a small village with not so many people or other houses its obvious to take Letters from an empty flat.

Waiting for Postman:

Now, you have to observe the house for some days. Look when the postman normal wise comes. But if you have the Tracking ID you can wait the whole day next to the house.

Fake Name:

Im sure that you order the paket not on you original name. Take a fake name and try a few times to sign the postmans machine.

Dropping:

This is the final step. Now you have to right house the right name, but you dont have the paket. Go to the house on the day of the delivery (Tracking ID) and wait for the Postman. If you observed the house you know the time when the postman comes. Just sit on a bank or something like this. Maybe you can read an magazine. YOU HAVE TO FIT IN. So dont stay stupid in the surroundings. YOU HAVE TO DO SOMETHING. You can also go to a near busstop and wait there.

Postman comes:

Talk to the postman say that ur coming from school or work and ask him for an packet. He will give the packet to you. Now you have to sign the bill, WITH THE NAME ON THE PACKET. Take the packet and go home.

GOOD DROPPING!!
